"DRYS" AND "WETS"
BATTLE IN SIX STATES

Woman Suffrage Big Factor in
Seven States—"Drys"
Claiming Ohio

NEW YORK, Nov. 3.—For the first time in the history of the United States the voters today are selecting one-third of the membership of the United States senate. In addition to the senators an entire new house of representatives is being elected. While the European war interfered to a great extent with the general interest, the last week of the campaign witnessed an old fashioned revival of spirit. Indications are that a heavy vote will be cast as the early vote was unusually heavy.

In addition to the national feature of the campaign there are many bitter state contests. In six states, Ohio, Colorado, California, Missouri, Washington and Oregon, the voters are passing upon the question of prohibition of the liquor traffic.

Woman suffrage is a distinct factor in seven states. In Ohio, Nebraska, Montana and Nevada the women feel certain that they will win. In North and South Dakota and in Missouri the other states where constitutional amendments will be voted on, they admit that they may be defeated.

MISSOURI

ST. LOUIS, Nov. 3.—A thousand women are working today for the passage of an equal suffrage amendment. There are fourteen other amendments on the ballot. The early voting was light.

OHIO

CLEVELAND, Nov. 3.—The heaviest vote in the history of Ohio is expected today. Heavy weather hampered the early voting. The prohibition and equal suffrage amendments are attracting the most interest among the voters.

COLUMBUS, Ohio, Nov. 3.—A heavy "silent" vote is being cast in Ohio according to the prohibition leaders, who issued a statement late today saying that they believe they have carried the state. Many churches in hundreds of towns remained open in all-day prayer service.

The suffrage amendment was next in interest. Both sides claim success.

ILLINOIS

CHICAGO, Nov. 3.—The day opened with clear weather, and the vote was heavy.

NEBRASKA

LINCOLN, Nov. 3.—Interest in today's election has been centered on the equal suffrage amendment.

IOWA

DES MOINES, Nov. 3.—Clear, cool weather prevails today, but a light vote is being cast on account of corn husking in the farming district.

WASHINGTON

SEATTLE, Nov. 3.—Despite threatening weather, a record vote will be cast in Washington today with prohibition as the principal issue. A governor, a United States senator and five congressmen will be elected today.

MASSACHUSETTS

BOSTON, Nov. 3.—Avon, Mass., was the first town in the United States to complete the election count today. The returns at Avon are as follows:

For Governor—Walsh, Democratic, 181; McCall, Republican, 101; Walker, Progressive, 50.
The same precincts in the last election gave: Walsh, Democratic, 163; Gardner, Republican, 52; Bird, Progressive, 148; Foss, Independent, 3.

For Congress today—Olney, Democratic, 158; Howard, Republican, 96; Kinkaid, Progressive, 95.

KINGSTON, Mass., Nov. 3.—In Kingston the complete vote gives Governor McCall, Republican, 153; Walsh, Democratic, 73; Walker, Progressive, 45. Heavy Republican and Democratic gains with Progressive loss is shown.

NEVADA

RENO, Nov. 3.—The equal suffrage amendment is the overshadowing feature of the election, though the full

AGUA CALIENTES CAPTURED BY GEN. VILLA

Carranza Said to Be Willing to
Acquiesce in the Action
Deposing Him

MEXICO CITY, Nov. 3.—Mexico City heard at midnight last night that General Francisco Villa, at the head of an army of 10,000 men, took possession of the city of Aguas Calientes yesterday, with consent of the military convention.

EL PASO, Texas, Nov. 3.—General Venustiano Carranza has backed down from the position he announced on Saturday when he said he had no intention of resigning until Villa and Zapata had been stripped of all power and until he was confident that a form of power that would fulfill the revolutionary pledge would be adopted.

Since learning that the Aguas Calientes convention has adopted the measure ordering his resignation, as well as that of Zapata and Villa, he

has authorized a statement to be issued from Mexico City that he is willing to accede to the action of the convention in naming a provisional government and when this is done will present his resignation.

NEW YORK, Nov. 3.—The Rockefeller foundation ship "Masepequa" with provisions for the Belgian non-combatants sailed for Rotterdam today. From that port supplies will be sent to Brussels, Antwerp and other cities for distribution by the American consular officers.

The Register's Election Results Service

The Register has made arrangements with the United Press Association to receive election returns as rapidly as possible, and they will be flashed from the Register Building, Third and Sycamore streets, by stereopticon, on the south wall of the post office building, on Third street.

Also the Register will give information by telephone as far as it is possible to do so. And through the courtesy of the Edison Co. the lights will be dipped if anything worth while can be told in that way before midnight, the code of signals being as follows:

In the event of the returns indicating the re-election of Governor Hiram W. Johnson the lights will be "dipped" twice. If Fredericks is indicated the lights will be dipped three times.

If Curtin seems to be elected they will be dipped four times.

If the State seems to have gone Dry there will be five dips; if Wet, six dips.

ALLIES PRESS GERMANS HARD ON BATTLE LINES IN THE NORTH

Kaiser Facing a Costly War
Failure—Men Half-Trained
and Poorly Fed

PETROGRAD, Nov. 3.—That the reduction of Przemysl is progressing, was officially stated today. The garrison's food supply is low. Four thousand Austrians were captured when they attempted a sortie, was claimed in the statement.

LONDON, Nov. 3.—Both official war bureau information and unofficial news tonight corroborated the belief that the Germans are withdrawing from their positions on the Franco-Belgian frontier. The allies claim that the movement is a retreat following defeat. Observers believe that the movement may be a withdrawal to stronger positions to the south.

The movement seemed general along the upper portion of the German line. An official Belgian statement via Havre said that the Germans are withdrawing also to the eastward, leaving their dead and wounded. Advancing

Belgian troops gave out a statement, saying that the withdrawal bears all the evidences of flight.

LONDON, Nov. 3.—The entire North Sea has been declared a military area, and merchant vessels entering it will be exposed to the gravest dangers from the mines and from the warships, which are searching vigilantly by night and day for suspicious craft.

This action has been taken as a reply to the laying of mines by the Germans in the waters north of Ireland. When the Minerva arrived off this port it is said a force of Turks, apparently under German officers, was guarding the town. The cruiser shelled the place until the soldiers evacuated it, when a landing party went ashore and completed the work of demolition. The admiralty said there were no British casualties.

BERLIN, (via The Hague), Nov. 3.—Fifteen thousand Turks have already advanced well into Egypt, according to a dispatch tonight to the Lokal Anzeiger.

LONDON, Nov. 3.—The Grand Vizier of Turkey has apologized on behalf of his government for the war-

VOTING OVER COUNTY IS HEAVY

In Many Precincts Fifty Per
Cent of Registration Out
By Noon

TAKES MUCH TIME
TO MARK BALLOTS

Additional Ballot Boxes and
Booths Found Necessary
In Some Places

The heaviest vote in the history of Orange county is being cast today. In many of the precincts 50 per cent of the registration had been cast by 12:30 o'clock, and there is every reason to believe that in those precincts 90 per cent of the vote will be cast by the time the polls close at 7 o'clock tonight. The pre-election estimate that the county would cast 80 per cent of its registration seems likely to be close to the mark.

Throughout Santa Ana the election boards were on hand promptly, and voting began early. It soon developed that it took many of the voters eight or ten minutes to mark ballots, and that in some of the precincts additional booths were advisable. About thirty additional booths were distributed in the fifteen precincts of the city.

Orange sent over additional stamps and pads to be placed in improvised booths. Garden Grove also sent for additional supplies. These were supplied by the county clerk's office.

Full Ballot Boxes

Some of the election boards reported that in their opinions the ballot boxes that have hitherto proved adequate for every election would not be large enough to hold all the ballots. The clerk's office supplied those precincts with an additional ballot box. One additional box was sent to Orange.

VOTERS RUSH TO POLLS IN THIS STATE

Los Angeles and San Francisco Cast Record-Breaking Forenoon Vote

IMMENSE FINAL VOTE
IS CLEARLY INDICATED

Women Turning Out En Masse
—"Drys" Cheered—All
Parties Claim Victory

LOS ANGELES, Nov. 3.—The heaviest vote in the history of the city was recorded when more than 50,000 voters cast their ballots before noon in this city. Forty per cent of these early voters were women. Registrar Miller predicted that 200,000 out of the 312,000 votes registered in the county will be cast.

Optimism pervaded Republican headquarters. It is claimed that the early heavy vote was favorable for Fredericks. Similar claims were made at the Progressive headquarters where it is claimed that Johnson will carry the county by 20,000. Fredericks spent the morning at his home.

A constantly increasing proportion of women voted as the day passed. The drys asserted that this is favorable to their cause.

Calls for aid were sent from many precincts where additional election officials were provided. Scores of additional ballot boxes were requisitioned during the afternoon. The bulky ballots frequently became jammed, necessitating new boxes even before the old ones were filed.

SAN FRANCISCO, Nov. 3.—A record-breaking early vote was cast here. Registrar Seemansky predicted that 120,000 in 161,000 votes will be cast. All the party headquarters issued optimistic statements at noon.

Knowland claims the senatorship by ten thousand, while Henry personally declared that he was confident of election by a big plurality.

Both wet and dry elements are working frantically. The wets claim a certain victory in this city, while at dry headquarters the state is claimed.

70,000 ballots had been cast by noon. The average time taken by each voter in one precinct during the morning was eleven and a half minutes. Many women remained in the booths for thirty minutes. The men, however, held the longest time records. A very heavy vote was cast in the laboring sections of the city.

BERKELEY, Nov. 3.—The zeal of Marshall K. White, a senior in the state university, in working for the passage of the University of California building amendment led to his arrest today for working within one hundred feet of a polling place at Berkeley. This was the first election arrest made in the state today.

PASADENA, Nov. 3.—An unusually heavy vote was in before noon, thirty per cent of the registered vote having been cast. The women's vote is heavy.

POMONA, Nov. 3.—Forty per cent of the total primary vote was cast in many precincts before 8 o'clock this morning, indicating an unprecedentedly heavy vote.

SAN DIEGO, Nov. 3.—Election officials were swamped with the early votes, which jammed the ballot boxes. The city was scoured for more. A record vote is certain.

RIVERSIDE, Nov. 3.—A record vote is being cast. An early heavy fog was a feature of election day.

LONG BEACH, Nov. 3.—The early vote was so heavy that in many precincts the voters stood in line for two hours.

REDLANDS, Nov. 3.—At 11 o'clock forty per cent of the registered vote had been cast.

SAN BERNARDINO, Nov. 3.—The indications are that eighty per cent of the city vote will be cast at today's election. Similar conditions exist throughout the county.

PAVING TO RACE TRACK PUT UP TO CITY

Another Problem Presented in Plan of Meeting Good Roads of County

CHANGING NAMES OF STREETS GOES OVER

Majority of Residents of Cypress Want the Name to Remain

At a meeting of the City Trustees last night, the city board came face to face with another paving problem. It is a proposal to pave city streets to meet the county good roads on South Sullivan street. The city had a long wrestling match over the paving of East Fourth, East First and East Chestnut to meet the State Highway, and the wrestling is not yet ended. It took lots of time, manipulation, worry and money to bring the paving of West Fifth street to a happy conclusion.

These problems are not in the same class with the most recent proposal. The paving on Sullivan, as proposed, will reach further into country territory than any of the other projects, and will cost a considerable amount of money, either to city or property owners or jointly.

County Highway Engineer S. H. Finley brought the matter up last night. He said that the county has let its contract for paving what is known as the Talbert road up to a point on Sullivan street opposite the middle of the Santa Ana race track. That is the city's southwest corner. From that point the city line is in the middle of Sullivan street northward for half a mile to a point a quarter of a mile north of the west end of Fairview street. The west half of the street lies in the county, the east half in the city. Finley said the county would like

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold. Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

ORANGE COUNTY SAVINGS AND TRUST COMPANY SAVINGS COMMERCIAL TRUST

CONSTANT RESPONSIBILITY

The naming of the Orange County Savings and Trust Company as Executor or Trustee is a wise appointment, insuring the utmost care at all times in the management of the estate. We also act as Administrator or Guardian. Particulars furnished upon request.

CAPITAL AND RESERVE \$318,875.00

to let a joint contract with the city for paving this half-mile with an eighteen-foot strip in the center of the street. He said the cost of the portion that would be charged up to the race track property would be \$1200.

After the paving of this joint strip is accomplished, the paved road would end in a dirt street, and the city would be in the position of having a dirt street between the county's paved road and the nearest city paved street.

"To meet a city paved street," said Trustee Alderman, "we would have to pave north on Sullivan street to Fourth and on Fourth to Baker, or on Sullivan north to First and east on First to Flower. It seems to me to be out of the question to put such a burden on the property owners."

Grubb discussed the question, and finally made a motion that carried to have a committee appointed to see the property owners, to determine what their attitude will be. Mayor Ey named the street committee, Grubb and Alderman, and Street Superintendent English.

Street Naming

Last night was the time set for the hearing of any objections there might be to the ordinance proposing to change the names of streets as follows:

City to Cypress, F. to Lacy, E. to Garfield, Cypress Avenue to South Bush, Depot to Fruit, Orchard to West Tenth, Nakomis to North Shelton, Bates to North Baker, Poinsettia to D. Hannah to North Flower.

Trustee Alderman said that a remonstrance had been circulated on Cypress, and he was sure a majority of the residents opposed changing the street's name from Cypress to South Bush. His motion to make no change in the street's name carried.

He said that Mrs. Burke desired that the name of Nakomis street be changed to Shelton, as the street was laid out and named by her husband, now dead.

Miss Enderle said that she and the other residents of Poinsettia street objected to having the street named D. They thought D should be changed to Poinsettia. Trustee Grubb said that he thought the city might well do away with all lettered streets, and he favored changing D to Poinsettia, and C street to Santiago avenue, since that street crosses the Santiago creek, and the city has no street named after that "navigable stream," as the creek was referred to by Grubb. He said that if the residents of either street had any name they preferred to the ones proposed, the board would like to know it.

No final action was taken on the street naming ordinance, and at the next meeting of the board objections to the proposed changes can be made.

The Golden Rule

A letter was received from Attorney E. E. Keech in which the suggestion was made that the city ought to have an ordinance prohibiting the standing of an automobile on the busy portion of the main streets for over twenty minutes at a time. Keech said that it is the practice of many business men to drive their cars to town, leave them on the shady side of the street and themselves go across to their houses of business on the sunny side, if it so be that they are located on the sunny side. He thought this unfair to the merchant neighbor. He also thought it unfair to a man paying rent to have his curb space taken up with rental machines.

On Grubb's motion, the clerk is to write to Redlands, Riverside, Pomona, Pasadena and Whittier to see what laws they have on the subject. Grubb and Alderman were named a committee to report on the matter.

Given a Lease

F. F. Thorp's lease on the old city dumping ground on West First street was extended to a five-year lease, at \$35 a year, he to clean up an acre of the ground and keep the street frontage clean.

The petition of W. H. Liggett to establish a portable skating rink on East Fourth near the P. E. turn was referred to the police committee, Greenleaf and McPhee. Ey strongly opposed giving the permit. He said residents of the neighborhood have noise enough now in the screeching of the P. E. cars at night.

Young's Cafe was given permission to hang a big electric sign in front of the place.

The ordinance vacating South Garney at the water works was given final passage.

Street Matters

Ey said that the walks across the S. P. right-of-way on East Washington are in bad shape, and the city engineer was instructed to proceed to have the walks put in properly.

It was stated also by Alderman that the city changed a grade near the S. P. and consequently a curb and sidewalk are below the street. He said in that case the city should remedy the matter. The matter was referred to the street committee.

The street committee was instructed to arrange for cement curbs on the east and south sides of the French street park. The committee is also to inspect Vance street with a view to reporting upon the advisability of having it sidewalked and curbed.

Is Laid Off

The deputy health inspector was laid off during the winter months. The street superintendent was instructed to get the property owners on Nakomis street to move a retaining wall.

A vote of thanks was given Isaacson and Son for the use of an automobile for the Anaheim parade.

Sidewalk Troubles

Grubb said that he believed the city ought to do something about sidewalk specifications and the control of work done by contractors. He said it is a notorious fact that a lot of sidewalks laid here are "rotten." "Some of them are merely sand and gravel put down and painted over with a little cement," said he. "We ought to have an inspector." Alderman said that inspection would prove costly, though a protection to property owners. He said a contractor's name should be put on each piece of work, so that people would know who was responsible for poor work.

Ey said that in his mind the camphor tree is a great sidewalk destroyer. He thought property owners should be compelled to cut roots of camphor trees to protect sidewalks and curbs.

SALTS FINE FOR ACHING KIDNEYS

We Eat Too Much Meat Which Clogs Kidneys, Then the Back Hurts

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatism twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble. Advertisement.

ASK EARLY HEARING ON CENSORSHIP OF FILMS

WASHINGTON, Nov. 3.—A motion was made in the supreme court yesterday to advance and set for early hearing the case coming to the court on appeal from the state of Ohio to test the validity of the statute of that state passed in 1913 prescribing a censorship for moving picture films. The case was brought by the Mutual Film corporation of New York.

The validity of the law is attacked as invading the federal authority to regulate interstate commerce and as an abridgment of the freedom of the press and speech as a delegation of executive authority to the censorship board.

MRS. THOMSON TELLS WOMEN

How She Was Helped During Change of Life by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I am just 52 years of age and during Change of Life I suffered for six years terribly. I tried several doctors but none seemed to give me any relief. Every month the pains were intense in both sides, and made me so weak that I had to go to bed. At last a friend recommended Lydia E. Pinkham's Vegetable Compound to me and I tried it at once and found much relief. After that I had no pains at all and could do my housework and shopping the same as always. For years I have praised Lydia E. Pinkham's Vegetable Compound for what it has done for me, and shall always recommend it as a woman's friend. You are at liberty to use my letter in any way."—Mrs. THOMSON, 649 W. Russell St., Philadelphia, Pa.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

jured and their big machine was not badly damaged considering the close call.

It was taken to the Central garage for repairs, and they soon resumed their journey to Pasadena.

There was a train at the station headed toward Los Angeles. Warning of the other train's approach was given by the flagman, he claims, but was not noted by the Pennys, whose attention was given to the train standing still. They were at first positive that no signal had been given, but later came to the conclusion that perhaps they were mistaken. As the train was slowing down to stop at the station it was brought to a quick halt by the engineer, and damage to the machine was only slight in comparison with what it no doubt would have been otherwise. The front axle was twisted, the hood, radiator and front lamps all smashed.

REPORT OF SALE IS PARTLY ERRONEOUS

In the published report of the sale of the Carpenter building on East Chapman avenue, Orange, C. J. Over-shiner and R. E. Whitted were credited with the purchase. This report was partially erroneous, as Dr. Whitted bought the building, Mr. Over-shiner appearing in the transaction merely as his agent.

The Carpenter building is a two-story office block and is one of the larger buildings of the city. On the ground floor are six business rooms, which are at present occupied by the Decker candy store, Porter's barber shop, Spray book store, Carlier millinery, and Shadel's furniture store, the latter occupying two rooms. The upper floor is devoted to office rooms.

The purchase price was \$25,300 and is regarded by those who are familiar with values in Orange an extremely low price. Dr. Whitted bought with the view of a permanent investment.

PARENTS AND TEACHERS ARE TO ORGANIZE

Meetings for That Purpose Have Been Called For Wednesday-Afternoon

GARDEN GROVE, Nov. 3.—There will be a meeting at the home of Mrs. Reeks, corner Sixth and Acacia street next Wednesday afternoon at 2 o'clock for the purpose of organizing a Parent-Teacher Association. All parents are most cordially invited to attend. After the meeting of organization the parents will go to the school where there will be a meeting at 4 o'clock. All teachers and parents are invited to be present. Mrs. Noble of Los Angeles, state president of the Parent-Teachers Association, will have charge of both meetings.

The Seventh Grade enjoyed a Halloween party at the home of their teacher, Miss Crutcheff, on Saturday afternoon. They were met at the door by an uncanny witch who extended a black hand to greet each one. Just inside the door stood a silent ghost who kept his quiet vigil throughout the afternoon. The witch conducted them through dimly lighted rooms, pointing out the cauldron where the fates were stewing the witches' big yellow pie, and many other things of interest. The afternoon was spent in playing games suitable for Halloween. When the fates were taken from the cauldron there was great excitement while the witch's writing was read by means of the lamplight. Refreshments of cake, candy, punch and apples were served at 4 o'clock, then after drawing a package from the witch's pie the children were ready to go home. Twenty-seven members of the class were present to enjoy the fun. The house was decorated with jack-o-lanterns made by the boys and black cats made by the girls.

The Queen Esther's gave a Halloween social told about as follows:

At the home of J. T. McElreath. There was a ghostly gathering. Which you really should have seen.

The Q. E. C.'s were each allowed a single friend to bring. All wrapped in sheet and pillowcase. To join the ghostly ring.

The pretty home was all aglow with Jack-o-lanterns out side and in. To describe those decorations I hardly know where to begin.

It was all in black and orange. With festoons everywhere; Those decorators showed good taste. And did their work with care.

The guests were mostly done in white. About seventy in all; There were ghosts of every sort and size. And one was awful tall.

There was a witch's cauldron, too. Beneath a fire glowing. From which each chose a little cup. Wherein their fortunes showed.

And the way some of those fortunes fit. Would make you laugh and shout; You'd sure believe that little witch knew what she was about.

And when the guests were all shelled out. Of masks and sheets and things. There was all the fun and merriment. Attendant upon such things.

And then there were some stories told. To chill your blood so red; And make you keep the lights turned on. When you have gone to bed.

There was also some fine music. For you know it's not a sin; Our hostess played accompaniment. To J. German's violin.

The serving of the refreshments was certainly unique; Your plate and napkin given you. Your food you had to seek.

There were red apples all around. The plate rail in the room. And the fine big nuts were gathered. From out a pumpkin tomb.

The doughnuts hung in festoons brown. You took them from the string.

It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine.—Advertisement.

While punch was served outside the door. As fine as anything.

And when at last the hour grew late. So all good ghosts should be. At home and sleeping in their beds. We thanked the McElreaths. —The Rhyme Ghost.

The young people of the Literary Society had a Halloween party in the school house Saturday evening. Those who attended were robed in white and masked. The young man who got the prize for the best costume represented Uncle Sam and when a young man from the navy came in Uncle Sam shook hands with him and gave him greetings and brought down the house. One interesting game they played was, coats and hats were put in a suit case strapped, the ones opening the case and putting on the apparel and then taking off and putting in case and strapping it up and running back with it to the starting place first got a prize. A young boy and girl were first, accomplishing the feat in nineteen seconds.

NEWSHOPE

NEWSHOPE, Nov. 3.—The scholars of the Newhope district presented a fine program at the school house last Friday evening, celebrating Halloween. The building was lighted up with jack o' lanterns. The children were dressed in sheets and pillowcases, making a weird scene on the stage. After the program the crowd was treated to doughnuts and apples. All then went to another room to have their fortunes told by the proverbial old witch.

Mrs. Etchison served supper, cafeteria style, to which all did ample justice. The refreshments consisted of sandwiches, pickles, pumpkin pie, fruit salad, wafers and coffee. Those enjoying Mr. and Mrs. Etchison's hospitality were Mr. and Mrs. J. W. Martin and family, Mr. and Mrs. William Lehnhardt and family, Mr. and Mrs. J. E. Melvin, Mr. and Mrs. Homer Robinson and mother, Mr. Weiser of Long Beach.

KEECH BOYS IN MOTORCYCLE WRECK

Douglass in Hospital With a Broken Leg; Hugh Has Minor Injuries

Douglass Keach, son of Attorney E. E. Keach, is in the Santa Ana hospital with a broken left leg, as the result of an automobile-motorcycle accident in Los Angeles Saturday afternoon at about 2:30 o'clock. Douglass and his brother, Hugh, had been in Los Angeles and were returning to Santa Ana on their motorcycle when a Ford automobile struck the motorcycle squarely in the center, throwing both boys to the pavement. Hugh was knocked unconscious while Douglass sustained two fractures of his left leg, one above and the other below the knee.

Hugh recovered consciousness in about 10 minutes. Although he sustained several minor bruises it was unnecessary to take him to the hospital. Douglass was removed to the Receiving hospital and later to the Santa Ana hospital.

The motorcycle, a four-cylinder Henderson recently acquired by the boys, was not seriously damaged.

MRS. J. L. SWANNER DIES AFTER ILLNESS LASTING TWO YEARS

The news of the death yesterday afternoon of Mrs. Irva I. Swanner, wife of John L. Swanner, 201 East Sixteenth street, was much of a shock to the large circle of friends of this estimable woman. Mrs. Swanner has been in poor health for about three years, but her final breakdown began some two years ago, and at various times since then she has been near death, but has rallied.

Belonging to the well-known Williams family of this county, Mrs. Swanner possessed the strong characteristics of the family, being capable in every line of endeavor in which she interested herself. She was greatly interested in civic, educational and club affairs. She was especially prominent in club work and achievement. But with all her public spirit, she was also a devoted wife and mother, and her family suffers a deep loss in her passing away. A good friend, she will be mourned by the many who called her friend; capable and sincere, she will be greatly missed in community affairs.

Mrs. Swanner's immediate family embraces her husband, two sons, John and Charles, and a daughter, Miss Irene. Of her father's family, she is survived by her parents, Mr. and Mrs. J. P. Williams, 1601 North Main street; two sisters, Miss Cora L. Williams of Berkeley, and Mrs. Florence Conner, Big Pine, Inyo county; three brothers, R. Y. Williams and W. B. Williams of Santa Ana, and Guy Williams of Orange.

The funeral of Mrs. Swanner will be held tomorrow at 10:30 o'clock from Smith and Tutill's chapel.

AMERICAN WOMEN

The Best Housewives in the World

For the sake of comparison, let us refer to the national traits of our cousins across the water. The German housewife is first of all "economical," while the English woman is "thrifty" and the French woman "artistic." The American housewife combines all three of these qualities and more.

The American woman readily adapts herself to business, to politics, to the professions, as occasion may require; but she is first of all "domestic" in her tastes. It is in the home that her influence is supreme. And this is a true today as it was in olden times.

But modern civilization and modern inventions have greatly lightened domestic duties. So many things now come from the grocer's ready prepared, where formerly they were prepared at home.

For example, the matter of Mince Meat making in olden times was a question of days. Now when the housewife wants to serve Mince Pie for dessert she simply orders her grocer to send up one or more packages of "None Such Mince Meat." In an hour or so Mince Pie "like mother used to make" is ready, piping hot. Easy, isn't it? And ever so much more economical, too.—Advertisement.

For Governor and

BETTING ON ELECTIONS

A New York newspaper, at the heart of the betting ring, remarks that much less betting has been done for a few years past than formerly. And this in spite of the fact that the number of sports with big rolls increases year by year.

It is a game at which amateurs are worsted. Their warm enthusiasm so colors their judgment that the odds offered by the "talent" look too much like a sure thing.

All known methods of forecasting seem to go wrong nowadays. Each side always issues a statement in which it claims the biggest majority any party ever received. It is usually about as valuable and sincere as a European war office news bulletin.

Formerly, each political party sent around canvassers who sorted, slatted, and labelled each citizen. Most of the people voted the way their fathers used to. By testing out a small section, and comparing them with your card catalogue, you had the results by simple computation of percentages.

Somewhat, people hate to be tagged nowadays. A leader of a certain section of voters says that canvassers do well to be very careful how they approach his element. If these voters get the notion that some one is trying to swing them, they resent it. Quite likely they would thereby be influenced to vote just the other way, in order to demonstrate their own individuality and independence. Many people dislike argument, and always refuse to state their political beliefs even in the most casual conversation.

The modern election day is a gambling chance. The sports would better take an option on the weather or base ball. Politicians who make unfounded extravagant claims hurt their own cause. The one thing that loses most elections is the feeling of party supporters that their side is sure to win, and that their own vote is not needed.

CARRYING YOUR OWN BUNDLES

Students of economics have long been talking about the way the cost of food products is increased by delivering goods from stores to the consumer's door. Secretary of Commerce Redfield, in a speech just delivered at the Boston Pure Food Fair, urged women to carry their own bundles.

In society circles some women would not be willing to sally out with a market basket, unless they were sure their neighbors would not see them—or unless it could be made a fad. It would seem almost socially lowering to carry home a roast of pork.

The ordinary run of people might not be thus affected by the damning appearance of a brown paper parcel. But they do not seem to have time or inclination to do their own marketing.

The business man probably does not make quite as long a time at his office as formerly. But his time is filled up more closely. His father used to quit work at his place of business rather late, then he would go home and go to bed before nine o'clock. The son has his lodge or his club or an entertainment to attend in the evening. If he takes a half-hour off to visit stores and markets, and do the family shopping and carry parcels home in his arms, he must either cut down his working hours, or go home late to supper, and cut short his evening of enjoyment.

Where women formerly used to circulate among the markets and grocery stores, now they order largely by telephone. They are governed very considerably by the advertisements they read in the newspapers. They are so busy with church work, bridge, and clubs that there seems to be no time left for the marketing their mothers used to do.

The store delivery team or motor vehicle may not be economic, but it is

very popular and has come to stay, because it saves time to the hurried man and woman of today. If a man's time is valuable, it may be worth his while to pay the difference in the higher cost of goods and save the bother. With the majority of persons, it is simply one sign of the growing comfort and luxury of the age.

The very excellent article published in yesterday's Register, entitled "The Blind Pig," was contributed by Ella Bevier Robinson, 601 East Sixth street, Santa Ana. Intention and attempt was to give the author proper credit, but in assembling heading, credit, and body type (all different fonts) the credit was lost. Apologies to Mrs. Robinson, whose article was one of the best contributions of the whole "Dry" campaign.

Many excellent articles were sent to the Register during the closing days of the campaign, which, for lack of space, could not be used. Yes, of course some articles were printed that were not as good as some that were omitted, but that was due to uncontrollable circumstances. The Register's apologies and thanks to all contributors.

Now let's quit talking politics—that is, after we have told each other how it happened, and get down to business.

SIMPLE REMEDY IS FAVORITE HERE

The simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika, the remedy which became famous by curing appendicitis, is a great favorite with Santa Ana people. Adler-ika acts on BOTH the lower and upper bowel and drains off such surprising amounts of foul matter from the body that a SINGLE DOSE relieves sour stomach, constipation and gas on the stomach almost IMMEDIATELY. Will Banking End European War?

(From Los Angeles Financial News.)

The questions asked mostly as to the war in Europe are "Will Bankruptcy End the War?" and "How will the Powers raise the required money to carry on Hostilities?" In a letter from Berlin written for the San Francisco Chronicle by Stephen Aspden these questions are answered as follows:

"How will Europe finance her Armageddon? What possible new taxes have the fighting powers got in reserve, not to cover the war cost—but to pay the interest on loans? Long before the war broke out it was affirmed that the great powers were marching toward bankruptcy. This was a proposition which Europe's financial experts mostly accepted, though they differed on one great detail. The experts of each country agreed that other countries were going bankrupt, but for patriotic motives they affirmed that their own countries were flourishing.

"David Lloyd George said the finance burden was crushing 'the powers,' but boasted of the sufficiency and elasticity of British finances. Germany's great expert, Professor Julius Wolf of Berlin, published in the first war month a book on 'German and English Taxation Reserves,' in which he shows that England could not raise a penny more in taxes, whereas Germany could raise \$200,000,000.

"The world-famous M. Caillaux said that 'France alone has the trump card of an unexhausted income tax.' In fact, there was rosy optimism everywhere among experts when they looked tearfully at the finances of their neighbors. But the few cold, calm experts who view all countries impartially commented that all Europe's great powers were equally badly off. The war must finish them.

Threatened With Deficits

"Europe's old trouble was the usual bankruptcy

trouble that she spent more than she earned—in

taxes. All the great states were threatened with

deficits; or they based their budgets falsely on

peace and the good economic years 1909-13; and

were up badly in their calculations first by the trade

slump and then by the war. The general public

put down the vast increased expenditure, before

the war, mainly to armaments, to competition in

army corps and dreadnoughts; but this was not all

the truth.

"In part the expenditure increase was due to

greater activity of the state's normal functions—

more extended home and diplomatic work, justice,

education, and, in part, to the greater interest pay-

able as debts increase. Also, the 'productive' in-

crease was partly due to so-called 'productive' ex-

penditure—that is, to the state taking over functions

of social betterment which it formerly neglected.

Social reform is expensive. England now spends

\$100,000,000 annually on social reform, not a cent

of which she spent when the Liberals came to power

in 1906. Social reform is responsible for the fact

that Germany's Department of the Interior costs

just a hundredfold more than it cost in 1871. The

two main causes of the vast expenditure which

was draining Europe even in peace time were arma-

ments and special legislation—preparations for the

present butchery of one's fellow men, and efforts to

make them comfortable and content.

For War and Reform

"Europe's troubles in raising the revenues for

war and social reform were in part financial and

economic and in part political. Experts differed as

to how much each factor counted. Professor Adolph

Wagner said it's all politics. Were it not for the

plaguey obstinacy and factionism of parties none

could easily be raised. Professor Brentano of

Munich said the opposite. The real reason is that

the nations were already so ground by protectionist

taxes that they could pay no more. Statesmen, while

piling on taxes, took this last view. In the speeches

with which they prepared for the war, the universal

refrain was 'the nations were groaning under the

burden.' David Lloyd George, Asquith, Viviani, M.

Briand, Germany's former Treasury Secretary Wer-

thum and Bavaria's Premier, Hertling, all said this

of late. But when the tussle came they themselves

supported armament increases, fresh taxation, and

now support the war.

"A strong school of European Continental econ-

omists deny entirely that the war means ruin. They

said that, owing to the vast increase of wealth, the

relative taxation is smaller than ever; and the stand-

ard of comfort, the real index to wealth, has every-

where gone up. They admit that the groaning na-

tions' rhetoric was useful; it kept a check on the

armaments maniacs. But it had no basis, and it

is always being disproved by facts. Fifty years ago

the Austrian Liberal Premier, Schmerling: 'A ma-

terial increase of wealth, has enormously grown

taxation. Yet the revenue is today five times greater

than then. Other states are better off. So that, from

a mere financial and economical standpoint, there is

no reason why more taxes should not be imposed

and budgets again brought into order after the war.

Bankruptcy Is Threatened

"Bankruptcy, however, is threatened for political

reasons. The obstacles to levying taxes, covering

deficits and putting an end to loans, are largely in

parliaments. They are raised by the too well or-

ganized parties, classes and specific industrial or

commercial interest. The obstructive power of these

interests, even in a minority, has enormously grown

taxation questions have displaced religious and race

questions as the real causes of turmoil; and every-

where in Europe violent quasi-revolutionary fer-

ments exist over problems of finance. In 1909 Lloyd

George's budget led to a complete revolution; the

revolution continued till lately, for every Englishman

knew that the Ulster revolt was merely the House

of Lords last card against the Parliament act. In

France, the feud over the income tax brought on

the whole Caillaux drama, with a bitterness of party

passions not seen since the Dreyfus case. Germany's

effort to impose a small property tax in 1909 led to

the disappearance of Prince Muelow and the de-

struction of solid party combinations. The German

financial reform of 1913 also led to violent con-

troversies. In Russia, vodka finance led to the down-

fall of Prime Minister Kokovtseff. Not with reason

says Adolph Wagner: 'If ever we have war it will be because some gentleman is inconsiderately forced to pay 10 marks.'

Refuse to Vote Taxes

In Germany and Austria, where there are no fixed

Government majorities, parliaments have obstinately

refused to vote taxes. Since 1867 the German (for-

merly North German Federal) Government has sub-

mitted to successive Reichstags seven great plans

of financial reform, involving new taxes; but all

were either rejected or radically cut down. The

Bismarckian expedient of brandy and tobacco mono-

polies which would have balanced the budget, and

prevented the heaping up of \$1,250,000,000 debt, were

thrice rejected. In 1909 the Reichstag rejected the

plan of an estate duty and accepted three of a dozen

other taxes proposed by the Government. Before

the war Germany was faced with deficits of at least

\$150,000,000 in the next five years; and a fresh big

scheme of taxation, including monopolies, was being

prepared, which the Center and Social-Democratic

Reichstag majority would have certainly rejected.

"That Europe should have difficulties on the score

of war taxation is sufficiently shown by her condi-

tion even in peace time as regards expenditure, out-

lay on armaments, debt and taxation:

Expenditure

England.....\$975,500,000

Germany.....321,000,000

France.....800,000,000

Armaments Outlay

England.....\$407,000,000

Germany.....461,000,000

France.....325,000,000

Debt

England.....\$3,305,000,000

Germany.....1,250,000,000

France.....6,040,000,000

Bertrand Schaefer, Munich statistician, calculated

that in 1950 the ordinary expenditure would be:

England.....\$2,700,000,000

Germany.....3,600,000,000

France.....2,100,000,000

How Will It Be Met?

"That, says Schaefer, is normal, inevitable ex-

penditure, assuming the armaments craze continues af-

ter the war. How is it to be met? The answer is

that it cannot be met, owing to political obstacles

and to exhaustion of most sources of direct and in-

direct taxation. The positions of England and Ger-

many are at opposite poles in the taxation category.

England's finances are based largely on direct prop-

erty taxes and on luxuries, whereas Germany's reve-

nuues comes from indirect taxes on necessities.

Counting state and imperial taxes, Germany raises

only 30 per cent from direct taxes and 70 per cent

from indirect, whereas England raises 48 per cent

from direct and 52 from indirect. Germany and En-

gland here move apart, for forty years ago England

got only 20 per cent of her revenues from direct

taxes, whereas Germany then got 35 per cent. Poli-

tical reasons prevent England increasing her indi-

rect taxes—the protectionist plan to tax meat and

bread has been practically abandoned. In Germany

the Prussian Conservatives, who stand behind and

above the imperial Government, prevent the increas-

ing of direct taxes on property.

At Wits' End For Money

"Both states are at their wits' ends for money

to finance the war. England has piled on property

taxes so hard that she cannot levy any more without

complete confiscation. Since 1892 she has increased

her income tax yield from \$67,500,000 to \$226,000,000,

and her legacy and succession duty from \$44,000,000

to \$128,000,000. The British estate duty is the high-

est in Europe. In 1894 the maximum figure was 8

per cent; in 1909 Lloyd George raised it to 15, and

now in 1914 to 20 per cent. The maximum legacy

duty has been raised to 30 per cent; so that a fairly

near relative (for instance, an uncle) who inherits

\$5,000,000 pays practically a third in tax. Germany

raises from her legacy duty only \$12,000,000. Were

it not for the obduracy of the Conservatives she

could raise four times more. England has got to

the end of her direct taxation reserves. She further

cannot materially increase her heavy indirect taxes

on spirits and tobacco. She imposes a heavy tax

on alcohol, whereas Germany, France and Italy im-

pose a much smaller one.

"Superficially regarded, Germany has splendid war

taxation reserves. Up to 1906 she had no property

taxes at all, and the legacy duty passed by Treas-

ury Secretary Stengel in that year was a flea bite

compared with Lloyd George's taxes. Germany's

first real property tax was passed in 1913 in the

shape of a property increment impost. Once every

three years the total real and personal property of

the citizen is assessed, and any increase in value

exceeding \$2500 has to pay a tax, varying according

to the amount of the income from 0.75 per cent to

1.5 per cent. This impost leaves the initial capital

value of property untaxed.

"Although Germany's taxes, as stated by Secre-

tary Dr. Kuhn to the Reichstag in 1913, work out

at only \$13 a head, whereas the Englishman pays

\$21 and the Frenchman \$19. These figures are given

to prove that Germans can easily bear more taxation,

but they are delusive; in reality the German is

heavier taxed than the Englishman, and the taxation

reserves for emergencies is smaller in Germany. This

is because the Government counts as taxes only such

indirect taxes as actually pass into the treasury

and ignores the fact that the import duties which

"Bound-to-Win" Class of First Presbyterian Church Had Merry Outing

The members of the "Bound-to-Win" class of the First Presbyterian Sunday school are always "winners" when it comes to having a good time.

On last Friday evening, October 30, they met at the church and proceeded from there, by hay-rack, to the home of their teacher, Mrs. E. M. Culter, at El Modena. The moonlit night was ideal for hay-rides, the new boulevard made riding a joy, and with such a careful driver as Mr. James Smiley they were certain to reach their destination safely; so the twenty-two merry lassies made the most of these pleasant conditions, their only tears being that somebody's pumpkin pie might be crushed, or somebody's package of gingerbread be lost overboard.

In due season they reached the Culter home, where a warm welcome awaited them, and at once proceeded to have the gay time which such a lively crowd always has, with stirring games and much chatter and laughter. When at length they were wearied with these amusements, they were invited to supper—which is always the gayest part of a Halloween party.

The spacious screen porch had been turned into a veritable bower with pepper boughs, ferns and La France roses, and here a long table was spread with a most inviting feast. Huge pumpkin fruit baskets were heaped with rosy apples and golden oranges, guarded by the regulation witches, owls and black cats. There were bowls of nuts, plates of inviting sandwiches and gingerbread, and pies—pumpkin, mince and apple pies, enough and to spare—and glasses of sparkling fruitade to quench the thirst. Truly it took a long time to do full justice to these good things, and there was surely a merry time withal.

At an early hour, good-nights were said and the happy party started on its return ride to Santa Ana, the only regrets being that Halloween parties can come but once a year, and that eight of their class had been unable to enjoy this one with them.

Those present were, Jessie Johnson, Quessie Miller, Stella Mansur, Leola Patner, Edith Coleman, Mildred Smith, Corinne Tatum, Lucy Hafer, Jessie Hafer, Alberta Cooley, Roberta Dawes, Margaret Lyon, Corinne Skiles, Dorothy Thacker, Esther Osborne, Gladys Hatch, Margaret Stout, Easter Jacques, Beatrice Vegely, Virginia Metzgar and Bernice Bull.

A Midnight Supper

Following a merry evening which they and their supper guests enjoyed Friday night, Miss Alice Tooman and her brother, Hubert Tooman, entertained with a midnight supper at their home, 201 East First street. Those who sat down with them were Mr. and Mrs. Robert Reed of Bakersfield, Mr. and Mrs. L. B. Babbitt and Arthur Freeman of Santa Ana and Miss Hazel Thompson of Orange.

The house was festive with Halloween trimmings and chrysanthemums and music and games were enjoyed after the supper until the wee sma' hours.

Pupils of Mrs. Doren Presented in Musicales—Halloween Party Followed

The music pupils of Mrs. Peter Van Doren entertained their mothers at a much enjoyed recital at the home of their teacher, 1604 East Fourth street, Saturday afternoon.

The following program was rendered, the young players showing much improvement since their last recital: Song and accompaniment, "Ding Dong Bell," Laurene Sauters; "Joyous Pastimes," Helen Menges; "The Swallow," Esther Jones; "Air from 'Don Juan,'" Knox Finley; "About the Lamb," Laurene Sauters; "The Little Archers," Lila Crane; "The Springtime," Margaret Jones; Violin solo, "Elegie Slave," Malcolm Finley; "In the Garden," Laurene Sauters; "Rustic Dance," Knox Finley; "The Lovely Floweret," Helen Menges; Duet, "Pest March," Esther Jones and teacher; "The Vivandiere in Camp," Lila Crane; Duet, "Scherzo," Margaret Jones and teacher; Song and accompaniment, "Good Night Song," Helen Menges; Violin solo, Barcarolle from "The Tales of Hoffman," Malcolm Finley.

At the close of the recital the little folk were asked to remain for a Halloween party given by the teacher's young daughter, Kathryn. Out of door games and indoor games suitable to the day were greatly enjoyed. The house was beautifully decorated with chrysanthemums, black cats, bats, jack-o'-lanterns, witches and during the afternoon two real live witches came to talk to the children. In the contest for "bobbing for apples," the girl's prize was won by the little hostess, and the boys' prize by Wendell Finley.

In the midst of a merry game one of the witches came after the children and took them to the dining room, where ice cream, cake and candy were served on a table beautifully decorated with red and green and lighted with the flickering lights of jack-o'-lanterns.

To Aid in Bazaar Programs

Among those who will be on the programs of the Catholic bazaar beginning today and lasting through Wednesday and Thursday will be: Wednesday, Mrs. S. Rice, Miss Royer, Mrs. A. J. Padgham, Mr. Phillips, Ella I. Fyfe, Mrs. Cervellus of Anaheim; Mr. and Mrs. Ernest Crozier Phillips, Miss Kassa Bailey, Miss O'Donnell, (a) Meditation (Massenet) (b) Serenade, Miss Fyfe. Concert Study (MacDowell) Mr. Fraser.

Balboa House Party

A jolly week-end party at which the young ladies of the party were hostesses was enjoyed at the Parsons seaside cottage at Balboa from Saturday evening until Sunday night. Dancing on Saturday night with a Halloween setting, and the enjoyment of the usual joys of the beach on Sunday, made this one of the most delightful of house parties.

Mrs. Sarah Graham was the chaperon, the young people under her kindly chaperonage being Misses Carrie Graham, Pauline Parsons, Ava Wells, Margaret Wakeham, Gertrude and Louise Montgomery of Santa Ana; Victoria Crossman of Redondo; Messrs. Harry Baade, George Platt, J. J. Jacobs, Preston Stevens, Sam Keyes, Carl Marr, Virgil Klein.

Methodist "At Home"

The recent "At Home" of the First Methodist Episcopal church ladies, held at the South Broadway home of Mrs. George Platt, was well attended and much enjoyed.

Refreshments were served. Mrs. J. N. Anderson explained the amendments to be voted on today and was listened to with great interest.

For His Third Birthday

Master Newell Vandermast was given a six o'clock dinner on Friday evening in honor of his third birthday. The yellow color scheme was carried out in yellow and red chrysanthemums massed with ferns in a brass jardiniere in the table's center. Black cats were the place card designs and the nut baskets were simulated pumpkins with merry faces cut out. The birthday cake, made and presented by Mrs. E. S. Gilbert, was adorned with three yellow candles and gold leaves. The mints and loaves were also in yellow and bouquets of chrysanthemums adorned the house.

Those at the table besides Mr. and Mrs. Walter Vandermast and Master Newell Vandermast were Mr. and Mrs. Asa Vandermast, Mr. and Mrs. R. J. Thompson, Mr. and Mrs. E. S. Gilbert, Mr. and Mrs. Walter Prince.

Halloween Social

The Christian Endeavors of the First Christian church enjoyed a jolly Halloween social at the church on Saturday night. The affair took place in the basement where appropriate Halloween decorations were used, bats, black cats and all the time-honored emblems contributing to the effect. A fortune-telling booth proved to be one of the most popular features of the evening. It was presided over by two young and pretty maidens, Miss Winifred Roberts and Miss Hazel Kendig, the young ladies effectually disguising themselves as mystic sibyls.

Withes with broomsticks met the guests at the entrance of the basement, and a spookish effect pervaded the atmosphere. The eerie decorations and entertainment, however, failed to lessen the appetites of the visitors, as they partook with genuine heartiness of the Halloween pumpkin and apple pies and coffee that were served at a late hour in the evening. About seventy-five young people enjoyed the successful social, which was honored by the presence of Rev. and Mrs. Paul E. Wright and others interested in the Christian Endeavor work of the church.

Ys at County Hospital Chapel

The Ys held a most delightful meeting at the county hospital chapel last night. A cordial welcome greeted them by the worthy steward, Mr. Seeley, and his wife. At the close of the service, many grateful expressions and wishes that the visitors would come again were extended by the aged men who make their home there.

Thirty young people, accompanied by Y. president, Mrs. McElree, Mrs. W. Thomas and Messrs. McElree and county Y. M. C. A. Secretary Robert Brown, stirring songs were sung with Miss Isabel Anderson at the organ. Short talks were given by the Y superintendent, Mrs. McElree, and Messrs. Brown, J. P. and William Sebastian and James Anderson.

Pumpkin pies and apples were served at the close of the meeting.

Moving Into New Home
Mr. and Mrs. Chris McNeil and their daughter, Miss Helene McNeil, are moving today into their handsome new home just completed on North Broadway. They are leaving the old home, 911 Spurgeon street, where they have resided for the past eleven years, with regret, but will entirely enjoy the beautiful abode into which they are removing. The Spurgeon street house will be occupied by the new owners, Mr. and Mrs. C. H. Perkins, who will take possession tomorrow.

On Saturday night, the McNeils went over to the new house on Broadway to celebrate the birthday of Miss Helene, whose natal day falls on the same date as Halloween. Others of the family present were Mr. and Mrs. Charles Isaacson, and son, Malcolm; Dr. and Mrs. M. A. Patton and daughter, Thelma; H. Foley. The evening passed merrily with music, merry chat and Halloween refreshments.

Missionary Meeting
The ladies of the Missionary Society of the Methodist Episcopal church, South, will hold their regular monthly business meeting on Wednesday, Nov. 4, at 2:30 p. m. in the church parlors. It is hoped there will be a goodly number of ladies present at this meeting.

To Meet at Nealey Home
The Junior Bible class of the First Congregational church will meet tomorrow night at the residence of Mr. and Mrs. E. M. Nealey in Tustin.

Helping Hand Postponed
Owing to the death of Col. C. E. French the Helping Hand Society of the First Baptist church will not hold its regular meeting tomorrow.

Heard Amendments Explained
The Spurgeon school Parent Teachers Association met last night with good attendance. Some business was attended to but the evening was principally given over to the discussion of the forty-eight amendments to be voted on today, S. M. Davis explaining the measures very fully and plainly.

Mr. Davis' efforts were much appreciated as they rendered the mat-

ter of voting on the amendments much simpler and easier for all those who heard his able presentation.

AMUSEMENTS

Clune's
Patrons of Clune's last night cast a full vote and after the last performance the counting of the ballots conclusively proved that the amusement seeking public of Santa Ana attested their approval and appreciation of the untiring efforts of Manager J. M. Russell in his selection of the best picture films produced sandwiched in with the cleverest of polite vaudeville acts.

This popular playhouse gives a snow this week away above par. Following a selected piece by Clune's splendid orchestra under direction of Prof. Tony De Nuffio, the theatergoers were screened depicting in particular the fearful havoc of the world's war. Gaiety and Eddy, that clever pair of jubilant, joyful jesters in "A Nut Sundae" give an entertaining act.

"The Real Agatha," an Essanay comedy drama in two parts is the feature reel, followed by "Real Thing in Cowboy" and Sidney Drew's farcical scream "A Horsehoe for Luck." Ray Lawrence in "Just An American Girl" is an impersonator "trava avis." "Her" costumes are fetching. "She" has a splendid voice, holding the audience spellbound. But alas, Ray "pulls off her wig" in the last act exposing the deception that "she" is not a real lady—just a man. "The Thin Clancy Twins" programed "In the Try-out" are real top liners—Hippodrome favorites. Their impersonation of street gamins displaying the proper "togs" and street parlance stamps them as fit to be booked on the big time circuit. They have splendid voices and their "patter" in rehearsal as they sit on boxes actually tearing Miller's Joke Book to tatters is a side-splitter to the curtain drop. This trio of American boy gamins alone is a whole show in itself.

U. S. REFUSES TO ORDER TROOPS FROM VERA CRUZ

WASHINGTON, Nov. 3.—General Carranza's repeated urging that the United States withdraw its troops from Vera Cruz without delay met with a sharp answer yesterday from the state department.

In an aggressive note the department informed him in effect that his wishes would be fulfilled and the troops withdrawn if he would give the assurance this government demands as to the safety of life and property of its citizens in Mexico.

Carranza was bluntly informed that the United States cannot extend to his government any sort of actual recognition so long as the guarantees are not forthcoming.

LOS ANGELES PRODUCE MARKET

The higher price of sugar has been one of the causes for the lower price of cranberries. The market on this product has been the lowest ever known in California, according to estimates of local dealers, the early Howe berries selling down to 7¢ in larger quantities, and averaging 7.25¢ a barrel. Yesterday the first late Howes to arrive this year were reported, and the offering was made at \$8.50. With two varieties to choose from the consumer will have no difficulty in securing plenty of the Thanksgiving turkey relish. The end of the rose berries is at hand, and this little-known jelly fruit closes a season of increased demand over previous years not sufficient to bring the producers a high quotation.

The quotation on local fresh eggs dropped to 40 cents, and in the north the market stayed at 51 cents, which is helping to bring considerable northern stock here, but leaves the bulk of the supply with the eastern shippers. Receipts here were only 147 cases. Butter arrivals were 25,810 pounds. The call for butter was fair, and the price, 30 cents, was continued here and adopted in San Francisco on creamery extras. Imported Swiss cheese dropped decidedly with the arrival of a large consignment from abroad. Other imported varieties showed weakness. Receipts of cheese were 2,800 pounds.

Lompoc spuds are among the leaders on the market, and are selling around \$1.90, doing a little better than that for the best grade.

MILLIONS TO BE GAINED BY NEW PROCESS

Burke Discovery For Saving Orange, Lemon, Lime Juice Means Much to State

SAN FRANCISCO, Nov. 3.—Five million dollars at least will be saved annually to the citrus fruit industry of the state through the recent discovery, made by Charles E. Burke, of the University of California's department of chemistry, furnishing an inexpensive process for preserving orange, lemon and lime juices.

Dr. Burke has succeeded after exhaustive experimentation extending over two years, in perfecting a process whereby the fluids of citrus fruit are retained as pure and wholesome as first drawn from those fruits.

He uses no alcoholic base, his process being a chemical and mechanical filtration which extracts all solid matter, leaving the juice pure and really clearer than when first squeezed from the fruit.

Dr. Burke points out that as citrus growers raise the lemon for its juice, the extraction of the early stages of the handling of the fruit would mean an immediate saving in the handling of the product, as the cost of freight on pulp, and the cost of picking, culling and curing in sweat rooms is eliminated. The juices could be bottled in handy and compact size and shipped everywhere.

GIRLS! GIRLS! TRY IT BEAUTIFY YOUR HAIR

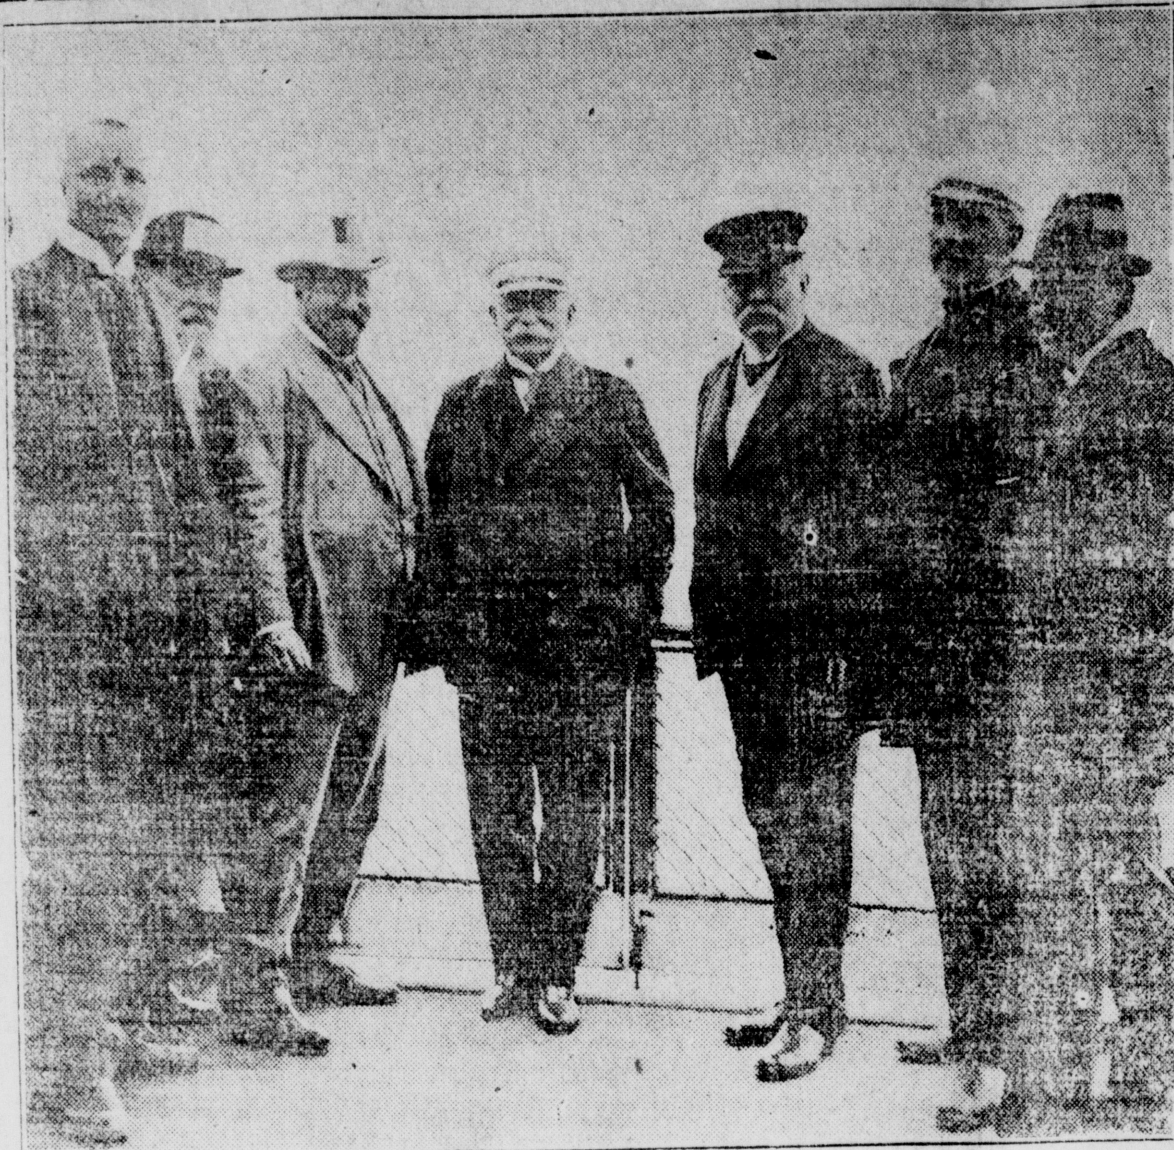

Make It Thick, Glossy, Wavy, Luxuriant and Remove All Dandruff

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandierine hair cleanse." Just try this—moisten a cloth with a little Dandierine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandierine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25c bottle of Knowlton's Dandierine from any druggist or toilet counter, and just try it.—Advertisement.

VOTING OVER COUNTY HEAVY

(CONTINUED FROM PAGE 1.)

ange. The ballots are large, and with the heavy vote the capacity of many of the boxes will be tried to the limit.

At nearly every precinct in the county the dyes were in evidence with representatives to check off those voting, and automobiles busy bringing in voters. This afternoon the machines were especially busy. However, the tenor of the voters was to get themselves to the polls. No dragging out of voters seemed necessary.

This was the case in Santa Ana, Tustin, Orange, Anaheim, Fullerton, Garden Grove, Huntington Beach and Newport Beach, from all of which places the Register got reports during the day.

Election notes

At Tustin people were standing in line waiting to get their ballots.

In Santa Ana some of the polling places are cramped, though the rule room is adequate. The school houses proved to be the best polling places so far as conveniences are concerned.

In No. 10 it was estimated that at 10 o'clock the vote was 100 more than ever before cast in that precinct at that hour. One woman was carried into the polls in her husband's arms, so she could vote.

It was noticeable that many old, feeble people went to the polls. The dry and wet question was the question that interested many of them.

Orange county is casting a big dry vote. Many estimate that it will go dry three to one, possibly more than that.

About four out of every five or nine out of every ten persons brought sample ballots already marked. These were taken into the booths, and were used as guidance in marking the ballots.

The Figures

Some idea of how the vote was going in Santa Ana may be gained from the fact that in No. 1 at 1 o'clock 147 had voted out of a registration, including transfers, of 341. In No. 2, 225 had voted out of 498, and a watcher at the polls said that 90 per cent of the vote in that precinct would be cast. In No. 4 precinct 110 out of 240 had voted. The registration in each instance includes the transfers.

It is thought that in some of the precincts there will be people standing in line when the polls close. Under the law any person standing in line is entitled to vote, though the closing hour arrives. No one who gets in line after 7 o'clock is entitled to vote.

Be Slow Count

It is going to be a slow count, and no doubt about it. The election boards are of the opinion that practically all of the voters are voting on all of the amendments. At least, the time consumed in marking ballots indicates that to be the condition. That means the count will be slow, and with the heavy vote—well, some of the election boards not only will see daylight tomorrow morning but some of them stand a chance of seeing darkness approach tomorrow evening. It will be remembered that one of the Santa Ana precinct boards did not finish until 3 o'clock the afternoon following the primaries.

100-Foot Limit

Throughout the county the precinct workers are observing the law prohibiting electioneering within 100 feet of the polls. The chairmen of all central committees had asked the election boards to enforce the law, which they did, most of the boards marking off a limit. The consequence was there was little electioneering around the polls. Fewer cards were distributed than might have been expected. In fact, mighty few votes were changed at the polls.

The stream of voters everywhere was a steady one, and everything moved along quietly.

Heavy Voting

In the Anaheim section the voting was extremely heavy. In Anaheim itself at 1 o'clock 919 votes had been cast out of 1970 registered, in West Anaheim, 142 out of 275.

Panama Canal Re-opens

WASHINGTON, Nov. 3.—The Panama Canal channel will be opened to day, according to a telegram to the War Department yesterday from Gen. W. Goethals. HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonder effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known down-town druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally, and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.—Advertisement.

The Capital Security Company, Norfolk, Virginia.

Dear Sirs:—I beg to acknowledge receipt of your draft for \$2000, and also to thank you for such a prompt reply, as I wrote that I needed the money by April 14th.

When I decided to take out my 4 contracts, a number of my friends advised me not to do so, but I felt convinced that the Company was good and have proved it beyond a doubt. I still have two Contracts nearly matured, and shall do anything in my power to promote the interests of The Capital Security Company in this section.

I have been paying 12 per cent interest, which is the usual interest here, and the difference between that and the 5 per cent for which I now get it from you will be a big financial lift to me.

Thanking you again for your promptness in getting this loan to me, I am,

Sincerely,
DR. ARTHUR F. SWITZER.
